**Subject:** [NJCAP] SAREX

Hi All

There will be a Wing SAREX on Aug 23,24, 2008.  
We will have staging areas in MMU, SMQ, MIV,TTN  
The mission base will be in Trenton.  
We invite all aircrews and ground teams to participate, this will be the last SAREX for this fiscal year.

Everyone will have to pre-register with Rich Olszewski, @ [richjo5@optonline.net](mailto:richjo5@optonline.net) or Steve Tracy @ [stevetracy@optonline.net](mailto:stevetracy@optonline.net)  
I know this is short notice, but it seems everyone waits to the last minute to pre-register any way.

Please list your name, where you will stage from, and what you will be doing. Mission pilot, observer, scanner, ground team member, UDF member, mission management.

When you pre-register we will set up a time for you to report to get your flight or ground assignment.  
No one will have to wait around to be assigned by doing it this way.

Schedulers this SAREX will take priority over other activities, other than a AFRCC mission

This will be an opportunity to get time on all our aircraft.

I want to thank all who have made efforts to do O flights and individual training during the past weeks.  
Let's get all Emergency Service personnel continue to qualify or upgrade their skills as we end the month of August.

Looking forward to a good turn out. Thanks for your cooperation

Rich Olszewski  
NJ Wg DO  
For Steve Tracy  
NJ Wg Training Officer
